

Year One News

Friday 13th January

Phonics

This week we have focused on the sounds: **ay, ea, ie, oe, ue.**

Please see separate Supersonic Phonics newsletter for more information.

English

In English this week we wrote a recount about our pantomime of Snow White. We spoke about how it is important to write our recount in order. We introduced using time conjunctions to start off our writing such as first, next, after that and finally. Our challenge for this week with our writing was to include adjectives.

Maths

In maths this week we have been focusing on place value up to 50 and partitioning these numbers. This means we have been breaking the number up and seeing what it is made up of. We have used a part, part whole model to support our learning. When partitioning the number we broke it up into seeing how many tens it has and how many ones.

Science

In Science this term we are focusing on Materials. This week we started off our learning by identifying what materials are and how we can group them based on their properties. The children found lots of ways we could group the materials such as: soft, shiny, bendy, hard, soft and then group them based upon what they were made of too.

History

This week in History we learnt about the significance of The Wright Brothers and how they were the ones who created the first aeroplane that successfully flew. We then compared an aeroplane from the early 1900's and today then discussed how they are similar and different.

Lunches

Please could you ensure that you go over the lunch menu with your child and order your school lunches online. We are finding that a few children don't like what is on the menu or not eating a lot of their choices.

Reading at home

Just a reminder to read with your child at home, one page is absolutely fine! Every time your child reads at home they get to earn a reading bead for their team and could win a prize at the end of the half term. If you require any support then please speak to the class teacher who will be more than happy to support.

Dates for your diary

- 20th January**- Time for Tea 2-3pm (every Friday from this date)
- 25th January**- Parent lunches start (please sign up at the office)
- 3rd February** – Premier Enrichment Day
- 3rd February**- Number Day
