

WHAT HAVE WE BEEN LEARNING IN DIAMOND CLASS? WB 02.11.15

This week we have been learning about the concept of size. We noticed in the Elmer book that he left some footprints, so we had a try at drawing a small, medium and large set of footprints. The children were brilliant at applying their knowledge and drew some great footprints in carrying sizes.

We have developed a new writing zone. The children have told us what they would like in there and we are in the process of collecting all of the things together. The children have been showing a great interest in mark making and writing over the past few weeks, which is brilliant to see.

I hope you have all been enjoying using Tapestry. It has been great to see some of you commenting on the observations, giving us an insight into what the children say at home about their learning. If you were not able to attend the book and look sessions, where the log in details were issued, please see me, Mrs Hunter, so I can go through how to log in with you.

Remember the school website has a diamond class section with photos showing what we have been doing.
