

Jade Class Weekly News

7th october

English – This week we have been story mapping our adventure so far. It was the children's first attempt at mapping a story into pictures and they did a fantastic job. We then looked at language we could use to retell stories – First, Then, Next, After that and Finally.

Maths – We have been looking at the place value of two digit numbers again this week, partitioning them into tens and ones. The children's knowledge of teen numbers has really improved. 😊

Phonics - We have been looking at Phase 3 sounds this week, concentrating on **or, oi, ar and ur**. The children have also shown very good handwriting skills during their phonics sessions too and we have also looked at the tricky words **they** and **all**.

Topic – The children have been taking a look at our changing autumn weather this week. They have been so inquisitive and have discovered lots of autumnal items for our investigation station.

Dates

- 10th Oct – Maths Day
- 14th Oct – KS1 Flu Vaccines
- 17th Oct – Parent Maths
- 19th Oct – Twist in Time Performance

Spellings: Please practice week 3 ready for Friday 14th Oct.

Parent Maths: We have had to change a few dates to our Parent Maths days. Confirmation of these will be in next week's newsletter.

Go Noodle: The children have really enjoyed visiting a website called gonoodle.com this term. The site has hundreds of videos aimed at getting the children active and it has characters you can help evolve with each dance. We thought it would be a great thing to do at home too...and it's free!! 😊

Norwich City Footballer visit – On Weds we had a visit from Alex Pritchard and the guys from CSF who held a skills and a Q&A session for the children. The children absolutely loved it.

Thank you for your continued support!
