

Emerald Class Weekly News

9th March

Road Safety Week

English – This week we have been learning all about being safe on the roads. The children had a visit from Tara – a Road Safety Officer. She was so impressed with how smart and sensible the children were when it came to being safe on our roads. Each child received a certificate for their hard work this week.

Maths – We have focused on multiplication this week and making numbers bigger. The children have been focusing on counting in lots of 2's, 5's and 10's. They have also been counting in 3's and 4's too using objects and pictures to help them.

World Book Day – im very excited to see the children in their costumes today! We will be sharing lots of stories and talking about the characters we have dressed up as.
