

Ruby Class – WB 16.03.20

English

This week we have been writing poems about our mums for mother's day, we hope you like them! We have included lots of adjectives and similes. We also challenged ourselves to use alliteration, where the words start with the same sound. We also used our phonics learning in our poems by adding the possessive apostrophe.

$$7 + _ = 11$$

7		
	7	

Maths

In Maths this week we've worked on missing number problems. We used the bar method to look at the whole and the parts, so for $5 + ? = 8$, 8 is the whole and the parts are 5 and ?. We found the value of ? by subtracting the part we know (5) from the whole (8) → $5 + 3 = 8$

Topic

We have been looking at maps this week in geography. As a class we made a 3D map, placing human and physical features on the map and discussing their placement.

Ducklings

We've been very fortunate this week to be able to look after some ducklings! The eggs arrived on Monday and started hatching on Wednesday. We've all had great fun spending time with them, and the ducklings seemed to love jumping on the children's laps for a cuddle!

Phonics

This week we have been looking at the possessive apostrophe, this is where an apostrophe is used to show that something belongs to someone, for example the cat's bed.

Song of the Week

Dear Ruby Class,

As you all know, school is going to be closed on Monday. I know that lots of you are upset and scared by this and that's ok. Lots of grown-ups feel this way too. But you don't need to be worried. While this is a tricky time, we will get through it. This is not forever and things will go back to normal. We will be sending work for you to do at home so you can continue your learning journey. I will be keeping in touch with your mums and dads to make sure you are all ok.

Thank you for being amazing through this, you are all so brave and have made me very proud to be your teacher.

Remember, while you may not be in Sparhawk, Sparhawk will always be within you.

See you soon,
Mr Ainley
