Year One News
Friday 26th January

Phonics
In phonics this week we have recapped on the sounds: gn, ore, ey, y, ew and looked at the other spellings that we already know for these sounds too.

Please see separate Supersonic Phonics newsletter for more information.

English
After our exciting visit from Dr Dee Enay from Mad Science on Friday, this week we wrote a recount of her visit. We thought about time connectives to start our sentences, such as first, next, after that, finally and made sure that we wrote it in the correct order.

Maths
This week in maths we have been learning about place value up to 20. We have been exploring the teens numbers in particular and working out how many tens and ones make up each number and have represented this in different ways.

Don't forget to keep having a go on the 1 Minute Maths app and fill in your record sheet!

Science afternoon
We had a lovely time at Falcon on Tuesday afternoon, where some of the adults and the year 6 science ambassadors helped us to explore magnets and learn about forces. We had lots of fun making our own magnet mazes! If you have a magnet at home (could just be a fridge magnet) then your child might like to show you how to make one!

Music
In music we have been having lots of fun creating our own song about Jen Gineer! We have started with the lyrics and will move onto the tune and adding instruments.

Dates for your diary

Wb 12th Feb – Intergenerational week (more details to follow)
16th February – Last day
26th February – Back to school
5th March (2:00) – Diversity café for parents

13th March (1:45) – Emerald Café
19th and 20th March – Parents evening
27th March – Last day

Art
In art we have continued to learn about textiles and this week have been embellishing a strip of fabric that will be used to create a collaborative piece of artwork for everyone to see. Watch this space…
