

Year One News

Friday 8th March

Phonics

In phonics this week we have recapped the sounds: are, kn, wr, ph, au and looked at the other spellings that we already know for these sounds too.

Please see separate Supersonic Phonics newsletter for more information.

Maths

This week in maths we have been practising doubling numbers by adding the same number again. We then used our knowledge of doubles to work out 'near doubles.' E.g. if we know that $3+3=6$ then if we want to work out $3+4$, then we just need to add 1 more to the answer.

See if you can have a go at the 'doubles' or 'near doubles' topics on your 1 Minute Maths app.

Thank you to all of the grown-ups who came and shared stories this week for World Book Day – it was fantastic to see so many of you!

Please don't forget that it is our class cafes next week, we would love to see as many adults there as possible!

Please also see the letter that went out yesterday asking for helpers for our KAPLA club visit and also inviting you in to see our work at the end of the day.

English

This week, we looked at adding 's' to nouns to pluralise them (e.g. 1 dog, 2 dogs). We found out about another of Jen Gineer's amazing inventions that doubles things and wrote sentences about it.

Science

This half term in science we are learning about caring for our world. We discussed why it is important to care for our planet and the living things in it and thought about what we could do to make a difference. This week we decided to make bird feeders and can't wait to start bird spotting in our outdoor area!

Computing

This half term we are looking at E-safety. So far we have looked at age ratings on films and games and why they are important, and we have also discussed how to be healthy while online and using devices.

Dates for your diary

Dates for
your
diary.....

11th March (1:45) – Jade café

13th March (1:45) – Emerald Café
